THE OBJECT OF ROTARY

The object of Rotary is to encourage and foster the ideal of service as a basis of worthy enterprise and, in particular, to encourage and foster:

1. The development of acquaintance as an opportunity for service.
2. High ethical standards in business and professions: the recognition of the worthiness of all useful occupations: and the dignifying by each Rotarian of his occupation as an opportunity to serve society:
3. The application of the ideal of service by every Rotarian to his personal, business and community life.
4. The advancement of international understanding, good will, and peace through a world fellowship of business and professional men united in the ideal of service.

Why do we want to get to know you?

*“It's simple. The better we know
you, the more we can do for you.*

Which is the only way we're

going to get your business. And keep it.

*Besides, the better you know us, the more apt you are
to ask for help when you need it.*

With things like balancing your checkbook.

*Borrowing a little extra money for
your vacation. Or maybe just getting
change for your parking meter.*

*Why would we like to get
to know you?*

*Because it gives us a chance
to do those extra little things
that make your banking, and
our work, a lot nicer.”*

That's why.

Rent some money from us. It's a good way to console yourself.

U. S. Bank rents money to people who sometimes need to borrow cash for something important (and most people do).

Maybe you need some for personal use. Rent it from us. Then give it back in easy-to-handle payments.

When you need to use some money, use some of ours. Talk to the personal loan officer at your U. S. Bank branch—where there's money for rent. Come in anytime. United States National Bank of Oregon.

Once again the Astoria Rotary Club returns with their annual fun fest, the Rotary Follies. We have looked forward to the resumption of the follies for several reasons. Not only does it bring laughter and enjoyment to many, but it is also a means of raising funds for very worthwhile community needs. The Rotorians have always been most conscious of needed civic projects and as Mayor of the City of Astoria, I, on behalf of the citizens, congratulate the Astoria Rotarians and wish them success in this production and hope this will be the beginning of many more to come.

Moment of Truth.

This is the real pay-off! When the consumer opens a can of seafood, the quality is either there or it isn't — and all the claims in the world won't change it.

Bumble Bee's unmatched reputation for quality in canned seafood

has been built by setting the highest standards — and sticking with those standards day in and day out.

Only one thing makes this possible: **teamwork** all along the line. Quality starts with the fisherman. The extra care taken in handling

the catch, **plus** the extra care **we** take in processing it, makes all the difference in the world.

You will enjoy that difference in every can of Bumble Bee Seafoods you buy.
